

Young Giraffe

by Lauren Wiener

Stretch your neck
To the sky
Don't be shy
Just stretch up high

Eat those leaves
From the tree
Just munch away
Munch
Munch
Munch

Drink that water
From the pond
Just bend down low
Slurp
Slurp
Slurp

Look both ways
Before you cross
Left
Right
Left

Walk with pride
With your neck held high
Be tall and brave
Young giraffe
For the world
Is a wild place
