

Summer Somewhere

by James Falese

Two palm trees
Just two
Ripe coconuts hanging off the branches
With a hammock forming their connection
Just a hammock
A netted hammock
Just two palm trees
Me
Just me
Lie there
Just there
With nothing but a virgin pina colada
Just a pina colada
Just me
Just a hammock
A netted hammock
Just two palm trees
Ripe coconuts hanging off the branches
A book
Just a good book
By Jules Verne
Just a book
Just a pina colada
Just a hammock
Just two palm trees
The Caribbean Waters
Just the Caribbean Waters
The turquoise Caribbean Waters
Just a pina colada
A book
Just a hammock
A netted hammock
Just two palm trees
Ripe coconuts hanging off the branches
It is always good to know it is Summer Somewhere
When there's a foot of snow in Boston
