

I Am Lost in a World

by Stevie Scheer

I am lost in a world
that doesn't understand
what happens behind closed doors
when the curtains close
when the act has ended
there is pain
there is a lot of emotions going wild
there is depression
that I don't understand

I am lost in a world
that doesn't understand
the heavy load i carry on my back
the stress
the paranoia
the memories
the pain I feel inside
that I don't understand
I am lost in a world
that doesn't understand
that I am a clam hiding in my shell
I am an actor putting on a show
Now I am lost
I feel I am getting pulled
pushed into a black hole, feeling
nothing but pain

I am lost in a world
that doesn't understand
I am lost
with a lock without a key
no one can help me
If I don't even know who I am

How can I concentrate
on anything
when my head is stuck in the clouds
Who am I?
that is what I would like to know

I am lost in a world
that doesn't understand
How can you loose yourself
If you never been found?

I am lost
I am a baby bird
who fell out of a tree
crying for my mommy

I am lost and I need to be found
Who?
What?
When?
Where?
Why?
I need some answers
So I can be found
In the light
At the end of the dark road

I am lost in a world
that doesn't understand
nothing but pain
