- **MOCCASIN**
  - Performed by: Loretta Young, Robert Young
  - Performance:
    - **The Squealers**

**THEATRES**

**MIDWAY THEATRE**

The largest and most perfect of Mr. John Bradley's two theaters. He has made the most of the space and has produced a magnificent orchestra pit in front of the curtain. The house is furnished with soft and plentiful seats, with a complete set of stage equipment. The house is well ventilated and the temperature is kept at a comfortable level. The lighting is excellent, and the acoustics are perfect. The managers are John Bradley and Robert Young.

**AMERICAN THEATRE**

This theater is one of the finest in the country. It has a large and well-appointed orchestra pit, with a complete set of stage equipment. The house is furnished with soft and plentiful seats, with a complete set of stage equipment. The house is well ventilated and the temperature is kept at a comfortable level. The lighting is excellent, and the acoustics are perfect. The managers are John Bradley and Robert Young.

**BROADWAY THEATRE**

This theater is one of the finest in the country. It has a large and well-appointed orchestra pit, with a complete set of stage equipment. The house is furnished with soft and plentiful seats, with a complete set of stage equipment. The house is well ventilated and the temperature is kept at a comfortable level. The lighting is excellent, and the acoustics are perfect. The managers are John Bradley and Robert Young.

**THE NEW FORD**

Everything you want or need in a motor car

The more you see of the new Ford, the more you realize that it brings you everything you want or need in a motor car. ... And at an unusually low price.

Its substantial beauty of line and color is apparent at a glance. Long, continuous service emphasizes the value of its simplicity of design and the high quality that has been built into every part.

The new Ford accelerates quickly and it will do 55 to 65 miles an hour. It is an easy-driving car because of its specially designed springs and four Haubille double-action hydraulic shock absorbers. It has fully enclosed four-wheel brakes and the added safety of a Triplex shutter-proof glass windshield. Operation and upkeep costs are low and it has the stamina and reliability that mean thousands of miles of uninterrupted service.

**LOW PRICES OF FORD CARS**

- $135 per $660

A truly beautiful, strong and dependable car. Touches and makes the same as in any other Ford. Ford is a surprise in economy, both in operation and upkeep. A machine that makes the name of Ford mean something, both in operation and upkeep. A machine that makes the name of Ford mean something, both in operation and upkeep.

**SOUTH CHURCH ANNUAL**

Christmas Eve, December 24, 1930, the annual Christmas celebration of the South Church will be held, at 8:00 p.m. The program will include Christmas carols, a reflection of the Christmas spirit, and a scientific lecture by Dr. John Doe. The special feature of the evening will be the unveiling of the Christmas decorations, which have been prepared by the women of the church. The decorations will be displayed in the church hall, and will be open to the public for viewing. The evening will conclude with a special concert by the local symphony orchestra, under the direction of Mr. John Doe. Tickets are $2.00 each and can be purchased at the church office.
Many people who eat these creatures of the
sea are unwilling to believe that boiling
is BREAD. And, sad to relate, many mothers
give little thought to the quality of the bread
their babies have, for they will merely say
"A loaf of bread" when ordering. If every
mother would investigate the conditions under
which ALL bread is made, paying specific
attention to the flour, amount of milk and other
ingredients used, and noting the general condition
of the bakeries and the health of the employees,
every mother in this section would see to it
that her baby had the bread that is made of the best
of everything, produced under strict sanitary conditions
by employees enjoying perfect health — the bread that LEADS
all other in quality and nutritional value.

Are Now in Midst of Golden Opportunities for Long-Term Investor — Quotations Are

No More Time Measure of Value Than Last Year's Time Table — Plenty

of Time to Study Out Strong Security Situations

Ralph E. Rockwell, Boston, January 17

New York (January 17)—The recent rise in stocks and bonds represents a

change of the actual position of the market in terms of existing conditions,

not a reaction to some new and definitely known factor. The fact that bonds

are now quoted close to or below the standing bargains is proof of the

fact that the fundamental situation is materially better than it was a short

time ago. Indeed, it is now with the bonds that we find the best opportunities

for the investor and not with the stocks. The reasons for this are

many and varied:

1. The recent rise in stocks and bonds goes to show that the market is

not rushing out at a high cost in terms of the future, but at a price

representing a fair profit and an appeal to the speculative market.

2. The rise in stocks and bonds is a recognition of the ever-increasing

value of the corporation and the corporate bonds.

3. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

4. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

5. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

6. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

7. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

8. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

9. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

10. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

11. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

12. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

13. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

14. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

15. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

16. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

17. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

18. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

19. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

20. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

21. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

22. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

23. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

24. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

25. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

26. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

27. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

28. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

29. The rise in stocks and bonds is a recognition of the fact that the

market is paying a higher price for the future, not for the present.

Annual Business Meeting Held in Parish House on Wednesday Evening — Supper Followed by Reports of Church Organizations to Take Place Next Week

SOUTH PARISH MEETING

Part of Church Plan Budget for 1931-1932 was Authorized at a recent meeting of the South Parish Committee of the Andover Unitarian Church. The committee, consisting of Mr. Raymond Hill, Mrs. William Cushing, Mrs. Charles Holding, Mr. Charles A. Herbert, Mr. George L. Carr and Mr. Charles E. Willard, is charged with the business of the church during the year.

The report of the auditor, Mr. George L. Carr, was adopted. Mr. Carr presented the financial report of the church for the year ending December 31, 1930. The total income for the year was $7,994.05, of which $6,080.05 was contributed, $1,114.00 was received from distribution of assets, and $800.00 was received from other sources.

The report of the special committee upon the auditor's recommendations was adopted. Mr. Carr stated that the report recommended the installation of a new heating plant, and the purchase of land for the purpose of extending the church building. The committee was authorized to make trial and if found satisfactory a sum of $10,735. The assessors were authorized to assess the property in the parish. About thirty members, including Mr. Charles E. Willard, Mr. George L. Carr and Mrs. Charlotte A. Baker, was released to the church for work on the project.

The report of the cemetery committee was also adopted. The committee recommended the installation of a new heating plant, and the purchase of land for the purpose of extending the church building. The committee was authorized to make trial and if found satisfactory a sum of $10,735. The assessors were authorized to assess the property in the parish. About thirty members, including Mr. Charles E. Willard, Mr. George L. Carr and Mrs. Charlotte A. Baker, was released to the church for work on the project.

The report of the finance committee was also adopted. The committee recommended the installation of a new heating plant, and the purchase of land for the purpose of extending the church building. The committee was authorized to make trial and if found satisfactory a sum of $10,735. The assessors were authorized to assess the property in the parish. About thirty members, including Mr. Charles E. Willard, Mr. George L. Carr and Mrs. Charlotte A. Baker, was released to the church for work on the project.

The report of the building committee was also adopted. The committee recommended the installation of a new heating plant, and the purchase of land for the purpose of extending the church building. The committee was authorized to make trial and if found satisfactory a sum of $10,735. The assessors were authorized to assess the property in the parish. About thirty members, including Mr. Charles E. Willard, Mr. George L. Carr and Mrs. Charlotte A. Baker, was released to the church for work on the project.

The report of the education committee was also adopted. The committee recommended the installation of a new heating plant, and the purchase of land for the purpose of extending the church building. The committee was authorized to make trial and if found satisfactory a sum of $10,735. The assessors were authorized to assess the property in the parish. About thirty members, including Mr. Charles E. Willard, Mr. George L. Carr and Mrs. Charlotte A. Baker, was released to the church for work on the project.

The report of the music committee was also adopted. The committee recommended the installation of a new heating plant, and the purchase of land for the purpose of extending the church building. The committee was authorized to make trial and if found satisfactory a sum of $10,735. The assessors were authorized to assess the property in the parish. About thirty members, including Mr. Charles E. Willard, Mr. George L. Carr and Mrs. Charlotte A. Baker, was released to the church for work on the project.

The report of the clerkship committee was also adopted. The committee recommended the installation of a new heating plant, and the purchase of land for the purpose of extending the church building. The committee was authorized to make trial and if found satisfactory a sum of $10,735. The assessors were authorized to assess the property in the parish. About thirty members, including Mr. Charles E. Willard, Mr. George L. Carr and Mrs. Charlotte A. Baker, was released to the church for work on the project.

The report of the deaconess committee was also adopted. The committee recommended the installation of a new heating plant, and the purchase of land for the purpose of extending the church building. The committee was authorized to make trial and if found satisfactory a sum of $10,735. The assessors were authorized to assess the property in the parish. About thirty members, including Mr. Charles E. Willard, Mr. George L. Carr and Mrs. Charlotte A. Baker, was released to the church for work on the project.

The report of the steward committee was also adopted. The committee recommended the installation of a new heating plant, and the purchase of land for the purpose of extending the church building. The committee was authorized to make trial and if found satisfactory a sum of $10,735. The assessors were authorized to assess the property in the parish. About thirty members, including Mr. Charles E. Willard, Mr. George L. Carr and Mrs. Charlotte A. Baker, was released to the church for work on the project.

The report of the missionary committee was also adopted. The committee recommended the installation of a new heating plant, and the purchase of land for the purpose of extending the church building. The committee was authorized to make trial and if found satisfactory a sum of $10,735. The assessors were authorized to assess the property in the parish. About thirty members, including Mr. Charles E. Willard, Mr. George L. Carr and Mrs. Charlotte A. Baker, was released to the church for work on the project.

The report of the committee on the church building was also adopted. The committee recommended the installation of a new heating plant, and the purchase of land for the purpose of extending the church building. The committee was authorized to make trial and if found satisfactory a sum of $10,735. The assessors were authorized to assess the property in the parish.
